### **Hansen Road bridge to close in Brown County**

*Closure to begin Sept. 3*

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing the Hansen Road bridge will be closed to vehicle, bicycle and pedestrian traffic starting at 6 a.m., Tuesday, September 3, 2013. The closure is required to accommodate reconstruction of the US 41 mainline and construct the new bridge. The bridge is expected to be re-opened in August 2014.

WisDOT has accelerated construction schedules to limit the bridge closure to one year. During the closure, traffic will use Ridge Road and Waube Lane/Oneida Street as an alternate route. Green Bay Metro will continue to provide bus service throughout the area. Work will include:

- Demolishing the Hansen Road bridge
- Constructing the new US 41 Mainline when the existing Hansen Road bridge piers are removed
- Shifting traffic onto the newly paved US mainline
- Constructing the new Hansen Road bridge

**All lane restrictions and work operations are weather dependent and subject to change.**
